Alison Donnelly and HelmsBriscoe have made our travel arrangements over the past two years infinitely easier. Alison has given back precious time for Marlins of Raleigh Staff to concentrate on Coaching rather than coordinating travel arrangements. Equally important, Alison has negotiated lower rates, negated parking charges, arranged for late checkouts, secured complimentary Coaches rooms, Hotel reward points for staff and auction gift certificates from Hotels. Alison has certainly benefited the staff and families of the Marlins of Raleigh.

Alison Donnelly Testimonial

Alison has been a wonderful asset and Partner of KMC University over the last couple of years. Her ability to negotiate with hotels to get our company the best deals for seminar locations has proven to be a great success.

It is so comforting to know all I have to do is tell Alison what city we are going to be in and she does the rest. Our seminars are attended not only by our current clients, but also by potential clients, and it is very important that they feel well taken care of. And it is very evident they are...

We conduct post seminar surveys to find out how we are doing and the feedback regarding the hotel services, hotel location, and surrounding areas is always positive. This reflects well on KMC and is all due to Alison's hard work and dedication to her clients.
