Dear Beatrice,

Thank you for the support you have been offering to Novus Europe since several years.

From the start, the collaboration with you and Helmsbriscoe has been pleasant and very efficient. Reaching out to Helmsbriscoe is time and cost saving and your knowledge about the destinations and venues helps us to select the meeting locations that meet Novus' needs.

You really take care from A to Z: from site visits, to detailed overviews with well-negotiated rates, including links to the venues' websites: we just need to pick the accommodation! After which your detailed contract negotiations start, so we can sign the contract with confidence.

Thanks to the personal interaction and your follow up during and after the meetings, I feel very well supported by the service you provide and look forward to planning next year's events with you.

Kind regards,
