

This was my first experience using HelmsBriscoe. I wish I had known about them years ago - their service (Dee Gause in particular) was outstanding.

I have already told several associations of which I am a member that they should all be using HelmsBriscoe for their meetings. Dee (our HB contact) kept up with venue deadlines, renegotiated space needs based on changing conditions, and overall took a mountain of work and stress off of me and my staff. Outstanding.

TESTIMONIAL FOR HELMS BRISCOE

Partnering with Helms Briscoe has been one of the best decisions of my event management career. The breadths of knowledge with regard to site selection and contract negotiation have been invaluable. Specifically, I have come to rely on the expertise of Dee Gause whom I have worked with for several years. Dee is considered a member of our event team and I greatly value her in-depth research, concise reporting, timely follow-up, and overall willingness to go above and beyond. She is a true partner and I would not be as efficient in my role without her.

NCLA has benefited significantly from site selection services rendered by Dee Gause from Helms Briscoe. Dee has taken the time to understand our needs to match our events to the right properties. She has coordinated site visits and passed on property information that were not on the NCLA radar. We simply didn't "know they were there".

Another great benefit from working with Dee is being able secure a property that is within our budget. Just recently, Dee was able to secure a hotel in the Washington, DC area that has historically been way beyond our budget. Along with the reasonable lodging rates that Dee was able to get, the hotel gave all of our attendees a gift in their room. In addition, the accommodations were outstanding and it included breakfast.

NCLA is looking forward to maintaining a working relationship with Dee for more upcoming events.
