HB Testimonial:

I have known Philip Crowther many years and value his knowledge and professionalism. Philip was asked to provide suggestions for a venue for our company customer event. Due to the nature of our business the day would consist of complex, technical presentations, so a venue with a difference was needed, that is exactly what we got. Philip listened to our needs and delivered the perfect solution.

I would certainly recommend Philip/HelmsBriscoe to colleagues and associates of our company in the future.

Recommendation

I have known Philip for over 5 years and during this time have built a great relationship with him based around trust, knowledge and integrity.

I organise a variety of different events and have venue and accommodation needs across the UK.

I utilise the service Philip provides to carry out the time consuming task of researching and negotiating the best rates and terms with venues, in order to achieve the best value for money, on behalf of my organisation.

Using the extensive HelmsBriscoe resources Philip is able to provide a venue comparison report, which offers choice and variety in an easy to read format.

His services include site visit co-ordination to ensure the venues are suitable for our needs and are to the standard required.

I have found Philip attentive to all my requirements and he is happy to assist with suggestions and guidance to achieve the best results.

The service Philip provides is an ideal resource for me as there is no cost incurred to our organisation and it allows me more time to work on other important tasks.

I would have no hesitation in recommending HelmsBriscoe & Philip's services to Associations, Corporate or Non-for profit organisations.
