### HelmsBriscoe Testimonial

I was struggling to find a venue in the aftermath of Covid-19 and so sought HelmsBriscoe to help me, and it was the best thing I did! Pauline has been so patient and fantastic throughout the venue finding process, she really understood my brief and has an amazing knowledge of a huge variety of venues, which saved me so much time and effort. The venues recommended by Pauline all matched my brief, bar none and the information was laid out in a spreadsheet so that it was easy to compare like for like. Not only that, because Pauline was so knowledgeable, I was comfortable not having to visit the venue beforehand which given the restrictions and the tight timescale was invaluable. My event was a huge success and the venue was the biggest part of that. Pauline is my absolute saviour and I really don't think I would have found a venue to accommodate us and our very specific requirements without her. Thank you so much Pauline.

Dear Pauline

I just wanted to write a note to say thank you for all your support over the past 12 months. I know that many of my team have commented on how responsive and adaptable you are for our and our client's needs. From accommodating constantly changing dates to last minute venue requirements, you always display a can do attitude and find solutions.

As a company, we deliver many meetings and it is very important to our reputation that we always deliver to exceptional standards. In HelmsBriscoe and particularly yourself, we have found a trusted partner that regularly exceeds our expectations and ensures that our clients always experience world-class leading meetings.

We look forward to continuing our successful partnership and once again thank you for your continued professionalism and brilliant customer service.

Many thanks
