

I worked with Rossy for close to a year to plan this event and I can't say enough about her! First, she worked diligently to get all of my questions answered during the selection process. She gave valuable feedback guidance throughout the entire process. Then, she provided a great deal of support to me as the trip drew near and worked with the hotel on my behalf to get some needs met and answer some last minute questions. I would certainly recommend Rossy to others and will definitely be working with her again on future events. She's a superstar!!!
